Nancy Braun In Miami with 24AM and Don Maxwell

Showcase Realty LLC. Donated \$4,000 along with 7 other Real Estate Agents (donating a total of \$32,000) towards Make A Wish Foundation at the live auction held at the National REO Brokers Association Conference May 2010 in Denver. The 8 agents bid on spending a day with Don Maxwell, King of REO and former Linebacker for Houston Oilers, Former head of REO for Fannie Mae (12 years) and Freddie (5 years) and currently Executive Vice President of 24 Asset Management Corporation. 24 AM is a minority owned outsourcer for REO nationwide.

Don spoke of how we can excel as a Fannie agent. How we must service the client to keep and retain the business. We also met with Eduardo San Roman, President of 24 AM who generously spent time with us describing the mission of 24 AM and how the industry was evolving. Miguel Soto, Team Lead East Coast, for 24 AM showed us how to maneuver around their portal and introduced us to all of the asset managers and support staff in the various departments. We enjoyed a fabulous lunch with many of their staff and later met up with Don, Miguel and Ed for an incredible Italian dinner on them!

Their generosity and professionalism was unforgettable. We all left enriched and excited to take on more business. We are thrilled that our donation will help many children to live their wish while at the same time we made great friendships and gained so much knowledge. Thank you, 24AM for making this a fabulous and enriching experience.
